Raise a Puppy Change a Life

"Do you see how good I'm doing"
- Trainee Acorn

At this weeks' Puppy Handling class, out Trainers worked with our Puppy Raisers and their Puppies-In-Training on the pups staying in place on their dog beds while the Trainers added mild distractions. This is a great

exercise for the puppies to work on impulse control. Learning how to settle is as critical as the active tasks IHDI dogs must learn. Well done Raisers & Pups!

Interested in joining these Puppy Handling Classes? We invite you to learn more about what a life changing experience, raising a Hearing Dog can be!

IHDI Puppy Raiser Program

Early Exposure

The wellness of our trainees is of top priority for the Hearing Dog program & we are thankful for the staff at Animal Oasis of the Rockies for not only providing exceptional medical care to our pups but for also assisting in snuggling, socializing, and treat-giving, helping our pups have a fun experience!

Creating good associations with body handling and vet care sets puppies up for a lifetime of cooperative care!

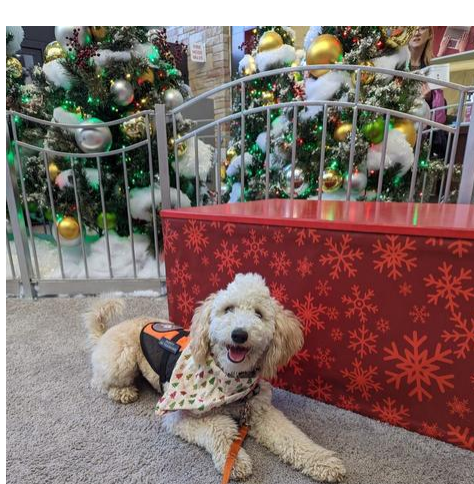

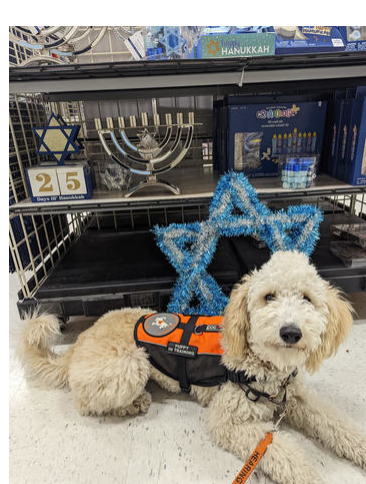

Thank you, Petco!

Thank you Petco Love for supporting the work of International Hearing Dog! Petco's \$2,500 investment in the Hearing Dog program will enable us to continue providing safety, independence and peace of mind to our d/Deaf and hard of hearing clients.

We know many organizations call on Petco for support, consequently, IHDI is truly honored to have Petco's support once again. Thank you, Petco Love!
